

XXII IPPA ADVANCED COURSE IN PAEDIATRIC PATHOLOGY

**Saturday September 16th -
Friday 22nd September 2000**

Burwalls, The University of Bristol

Day 2: Sunday 17th September

07.30 Breakfast

Caspase 3 in damaged cells

Chairman: M. Thoresen

Caspase 3 inhibition
delay or modify ischaemic damage
to ischaemic damage after CPR.

08.30 Hypoxic-Ischaemic Brain Damage in the Neonate: Mechanisms of Cell Injury

S. Love

09.30 CNS malformations (migration defects)

B. Harding

10.30 Coffee

Chairman: H. Porter

Death of 'normal'
0 2 7

? km
?

11.00 New approaches to birth asphyxia

M. Thoresen

Excessives

12.00 Traumatic injury to the infant brain

J. Berry

fold thin cortex

13.00 Lunch

polygyria = 2° to
hyporeplia
chromat. thickness
after

Act. hypoxia
infection
general/multifocal

14.00 Visit to Berkeley Castle and the Jenner Museum

18.30 Supper

Varicella Zoster
CMV

here singulars show

Chairman: M. Ashworth

misadventures
hypoxia failure - tissue
traumatic success
failure

19.45 Participants Slide Seminar Part 1

"Fowler's anomaly" = hydranencephaly +/ poly microgyria.

= AR condition with vascular. (Kees) as

malformation vasculopathy: - pathogenesis follows
anor. ∴ always do histology on hydranencephaly
- other causes are usually acquired or
sporadic.

proximal
dysplasia

Day 3: Monday 18th September

07.30 Breakfast

Chairman: D. Kalousek

08.30 Intrauterine infection E. Gray

09.30 Intrauterine growth restriction H. Porter

10.30 Coffee

Chairman: E. Gray

11.00 Classification of abortion D.I. Rushton

12.00 Embryopathology and CGH D. Kalousek

13.00 Lunch

Afternoon: Poster and Quiz viewing

18.00 Supper

Chairman: H. Porter

19.15 Confined placental mosaicism. D. Kalousek

20.00 Participants Slide Seminar Part 2

Day 4: Tuesday 19th September

07.30 Breakfast

Chairman: D.I. Rushton

08.30 Pulmonary vascular pathology M. Ashworth

09.30 Babies who can't be ventilated P. Cox

10.30 Coffee

Chairman: J. Berry

11.00 Non-Mendelian Genetics R. Newbury-Ecob

12.00 Tutors' Slide Seminar Part 1

13.00 Lunch

14.00 Visit to the SS Great Britain
and boat trip around the Bristol docks

18.00 Supper

19.30 Group Discussion:

Ethical dilemmas in perinatal pathology T. Chambers

Chairman: J. Berry

21.15 Participants Slide Seminar Part 3 (if necessary)

Day 5: Wednesday 20th September

07.30 Breakfast

Chairman: G. Mierau

08.30 The clinical use of cytogenetics in
paediatric malignancies D. Kalousek

09.30 New treatments for genetic diseases C. Steward

10.30 Coffee

Chairman: C. Steward

11.00 Electronmicroscopy of IBEM G. Mierau

12.00 Craniosynostoses S. Smithson

13.00 Lunch

14.00 Visit to Bath including the Roman Baths

18.30 Supper

19.45 Quiz J. Berry

Day 6: Thursday 21st September

07.30	Breakfast	
08.30	<u>Chairman: G. Mierau/M. Ashworth</u>	
	Electronmicroscopy of tumours	G. Mierau
09.30	Germ cell tumours in children	E. Gray
10.30	Coffee	
	<u>Chairman: G. Mierau/M. Ashworth</u>	
11.00	Renal tumours. New entities.	G. Vujanic
12.00	Tutors' Slide Seminar Part 2	
13.00	Lunch	
Free afternoon		
19.30	Course Dinner (The Clifton Club, 22 The Mall, Clifton)	

Day 7: Friday 22nd September

08.00 Breakfast

Chairman: M. Ashworth

09.00 Ciliary dysmorphology G. Mierau

10.00 Non-neoplastic adrenal pathology E. Gray

11.00 Coffee

Chairman: J. Berry

11.30 Participants' posters.

12.30 Business meeting

13.00 Lunch and Depart
